

# KREFT PRIMARY

## Academic and Behavior Supports

Kreft's tiered approach assures all students receive the time and support needed to learn at high levels!

Family involvement is an integral in achieving success in school. We encourage open communication regarding your student's learning journey at Kreft. If you have questions or concerns please consider the following steps:

1

Contact your child's teacher through phone, email, or in person

2

If concerns or questions persist reach out to building administration for more support

3

Parents may request to meet with a school team to further support ideas for learning
